

# Make College Affordable

**Now is your chance** to unlock limitless opportunities for your middle school student with Indiana's 21st Century Scholars Program! The scholarship offers Hoosier students who qualify up to four years of paid tuition at an eligible Indiana college or university after high school.

Please join us for a **virtual information session and workshop series** to gain a full overview of the 21st Century Scholars Program, learn about requirements and steps needed to receive and maintain the scholarship, and hear about resources and support that scholars receive during their middle, high school, and college academic journey!
