2020 Martin Luther King Jr. Celebration

Dr. King inspired legions of individuals and a nation to believe in personal, social, and global change. He showed the world the unstoppable power of his dream for racial equality, diversity, and love. Perhaps most important, Dr. King taught us that everyone can make a difference, and every day is a chance to do so. IU is proud to provide testimony to the ideals of Dr. King through programs, workshops, and other efforts throughout January that exemplify the humane causes espoused by this great civil rights leader. [Here are just a few events](#) you don't want to miss. Please visit the [2020 Martin Luther King Jr. Celebration](#) page for event updates in celebration of Indiana University's commemoration of Rev. Dr. Martin Luther King Jr. Day (and more volunteer opportunities [here](#)).

Message from Linda Ngo, Civic engagement intern at WonderLab Museum regarding MLK volunteer opportunity at Wonderlab

In honor of Dr. Martin Luther King Jr. and his critical role in combating injustice, WonderLab Museum is hosting a Celebration of Scientists on Monday, January 20th. At this event, we will be celebrating countless scientists, like Ben Barres, Ruth Gates, Alice Ball, and many more. There will be many different hands-on activities where our guests will learn about key scientists! If you are interested, please let me know and I can provide more details and answer any questions you may have.

Looking forward to hearing from you!

New requirement for high school graduating class of 2019 and beyond – College Scholar Success Program

Beginning with the high school class of 2019, 21st Century Scholars will be required to complete the [College Scholar Success Program](#) to maintain their scholarship each year of college. Just like in high school, you will be required to complete activities each year and track your progress using [ScholarTrack](#).

This requirement goes into effect during the 2019-2020 school year (this year) for 21st Century Scholars and will go into effect for all 21st Century Scholars in the high school class of 2019 and beyond during the 2020-21 school year. [link to pdf](#)

One of the requirements of the College Scholar Success Program is **to identify a college mentor** or champion each year. This is a person who you can turn to for advice and who can help you through college and into the workforce. Learn more about the importance of mentoring [here](#).

If you don't already have a mentor or champion, connect with your college to learn about options they provide. You can also take advantage of Diverse Talent Strategies' **FREE** Engage Mentoring program that connects 21st Century Scholars to professional mentors around the country. Through their system, mentees—that's you—can search for mentors based on several different criteria. Once connected with a mentor, you meet with them once a month for an hour for three months.

If you are interested in taking advantage of this program, Engage Mentoring is hosting two information sessions on Thursday, January 23, 2020. Click on the link below to register for one of the sessions.

- [Thursday, January 23 – 12:00-1:00 pm \(Eastern\)/11:00 am-12:00 pm \(Central\)](#)
- [Thursday, January 23 – 5:30-6:30 pm \(Eastern\)/4:30-5:30 pm \(Central\)](#)

While participation in Engage Mentoring is not a requirement, **identifying a mentor or champion is**. We hope you take advantage of this great opportunity.

After you've identified your mentor, don't forget to log into [ScholarTrack](#) to track this requirement.

Don't have an account? To create a new student [ScholarTrack](#) account, select "register for an account" underneath "Not Yet Registered."

Forgot your password? click "*forgot password*" and a password reset link will be sent to the email address you enter.

Have questions about the new requirement? Contact Scholars@che.in.gov or **888-528-4719** for further assistance.

** A person with a disability is defined as someone who has, or considers themselves to have, a long-term or recurring issue that impacts one or more activities that others may consider to be a daily function. This definition also includes the perception among others that a disability exists. We know that 90% of disabilities on campus (and 70% of disabilities among the general population) are invisible, and candidates with all disabilities are encouraged to join [The Lime Network](#) and take full advantage of the benefits it offers.*

21st Century Scholars Leadership Corps Recent Events

The 21st Century Scholars Leadership Corp is a student-run organization that strives to develop undergraduate students into responsible and capable leaders and professionals during their time as undergraduate students. See our **beInvolved** page for more info [here](#). We welcome new members at all times throughout the academic year. Email us at iub21cs@iu.edu for more info about the next Leadership Corps event. Photos below show what you could be involved in if you join Leadership Corps!

Multiple groups of scholars helped Girls Inc. at their Holiday Hoopla event this past December. Some were wrapping presents for families and some manned the hot chocolate station to help keep everyone warm! There were also scholars helping kids make gingerbread houses and Christmas ornaments. After the event, we helped clean up and tear down so the facilities could be used again as soon as possible.
