

21ST CENTURY SCHOLARS PROGRAM

DIVERSITY, EQUITY & MULTICULTURAL AFFAIRS

February 14, 2020

Hello Scholars,

We had a great day at the Statehouse this past Tuesday celebrating 30 years of the 21st Century Scholars Program ([check out our photo album](#)) We were happy to be a part of the festivities and supporting all of YOU here at IU Bloomington!

"The vision that inspired the 21st Century Scholars program was born of the shared ideal that all Hoosiers should have the ability to go on to higher education," said Indiana Governor Eric Holcomb. "Giving all Hoosier students the opportunity to achieve their dreams with an affordable option for college is one of the best ways for Indiana to keep driving our economic momentum." [Check out the press release here.](#)

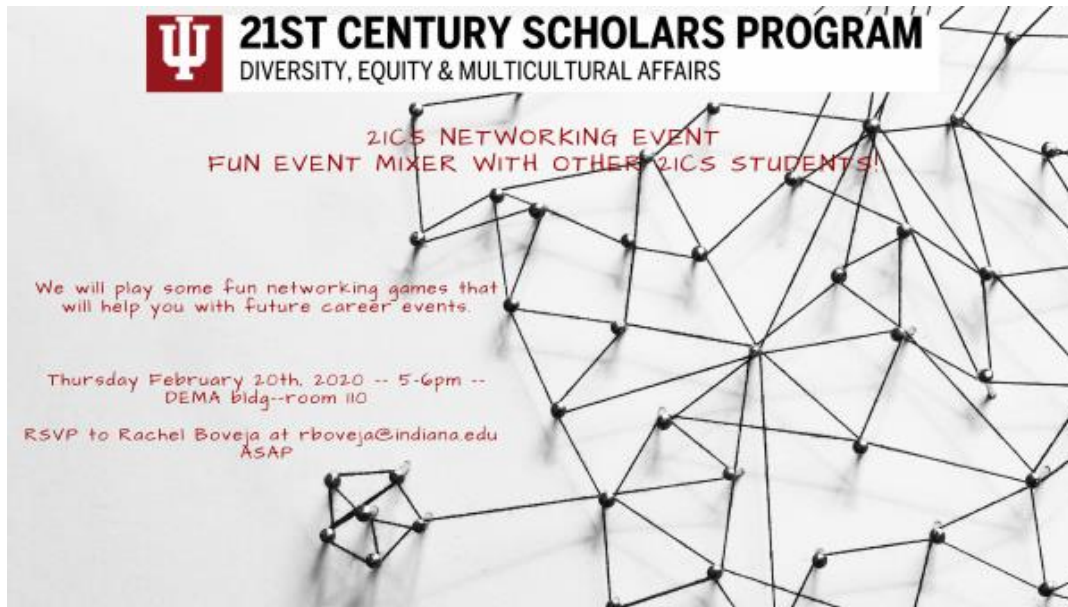

If you attended the required Spring Orientation-Thank you! If you have filled out the orientation we also appreciate this. This information is very valuable to us as we are constantly trying to improve the program and how we can best help you meet your career and educational goals. We have two surveys out right now. One for the original orientation on January 12 right before the beginning of the semester. If you haven't filled it out, [please do so here](#). We have another survey

for the series of make-up orientations that are ongoing—if you attended a make-up orientation February 4th or 5th and didn't do the survey yet, [please do so here](#). Please let us know your opinion. We are striving to make the orientations meaningful and give you the information you need in the most efficient way possible.

We also had a career networking event this past week hosted by Rachel here in the office—if you missed it, we have another social event mixer coming up this **Thursday on the 20th at 5pm** here in the office. (RSVP to rboveja@iu.edu) Don't miss these great opportunities to connect with and learn from your peers' experiences.

As always, If you need anything, please don't hesitate to communicate with us at iub21cs@iu.edu

If you know of other scholars who are not receiving our newsletter please tell them to email us in order to receive this newsletter and other important information from our office. We have our newsletters archived [on our website here](#).

Our social media pages ([Facebook](#), [Twitter](#), and [Instagram](#)) are also active with notifications and reminders of recent events so please make sure and follow our pages.

Scroll down for many other events and important things to know. As we move into the sixth week of Spring semester the calendar is filling up even more. Mark your calendars now and remember [if you go to the event on our web page](#) you can save it to your own calendar!

Holistic Wellness and Resiliency for Scholars

“The American College Health Association’s 2017 study of 63, 000 college students found that 60 percent reported feeling overwhelming anxiety, and 40 percent reported depression symptoms so severe that it was difficult for them to function. In fact, 50 percent of college students rate their mental health as poor overall.” (mindsharepartners.org) #Resiliency #MentalHealthMatters #Awareness

Scholars, we are here to support and encourage you in your journey at IU. It’s not always easy and requires some personal grit to finish the race. Each week we hope to share some tips regarding wellness and resiliency. If you are experiencing depression, anxiety or need someone to talk to, there are [resources here on campus](#) mentioned further below in the newsletter as well.
